LIGHTING / LOOK DEV / TEXTURE ARTIST

3d & Compositing

Hi guys, my name is Javier Sánchez, working in the film industry.

I am a Maya Generalist, with focus in Lighting, look dev and texture artist, but I worked in other places, as modeller, tracking, roto, paint or compositing.

Started my career working as CG Generalist, I had the experience in films animation, films vfx, series Tv and Commercials, I have a deep knowledge of pipeline, and I am very interested in your company. I had the experience in films animation, films vfx, series Tv and Commercials, I have a deep knowledge of pipeline,

I am learning day a day to improve my skills, a person dedicated and I strive to achieve results,

I know your company and your projects and I would love to work on it, I hope work in your company in a position available.

I pass my site with my work.

this is my web, in it i have my showreel updated, with the works available for show
